

THE CRESCENT IN PARRAMATTA PARK

The Crescent in Parramatta Park is a venue that's all about creating unforgettable experiences. It presents unmatched value, allowing event organisers to invest in achieving amazing results.

It's simply magic, and here's why...

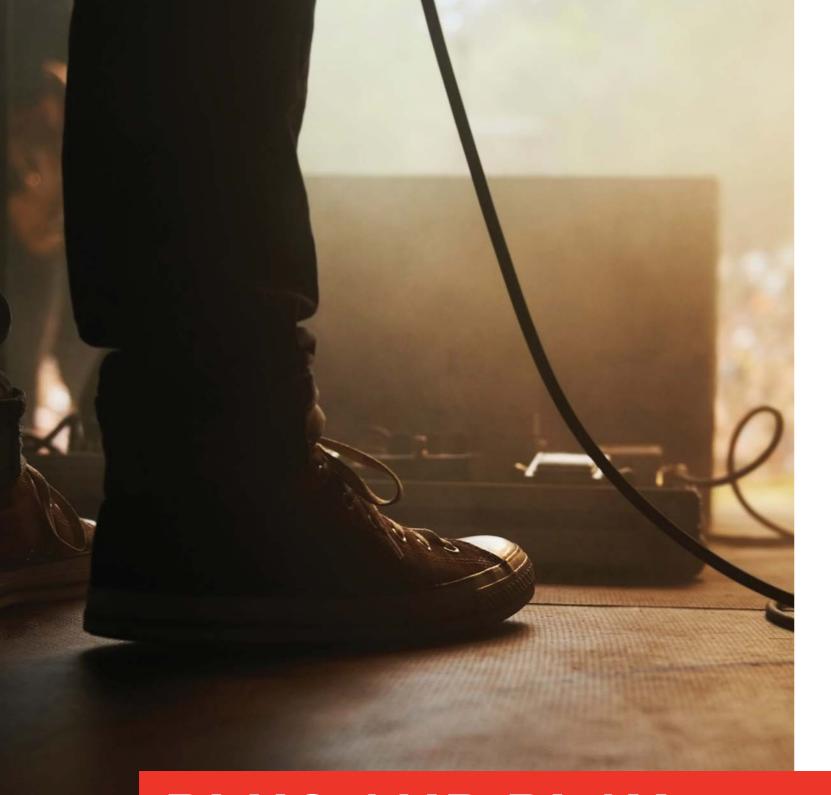

The Crescent, in World Heritage listed Parramatta Park, is a natural amphitheatre that has recently undergone a \$6 million restoration to provide the perfect venue for concerts, festivals and events. The resulting atmosphere, intimacy and experience for patrons is second to none.

During the summer months, The Crescent becomes a venue specifically designed to be cost-effective for staging events. We offer a full concert stage with back-of-house facilities, ready for you to build your event to suit your needs.

PLUG AND PLAY

ROCK IN, ROCK ON, ROCK OUT

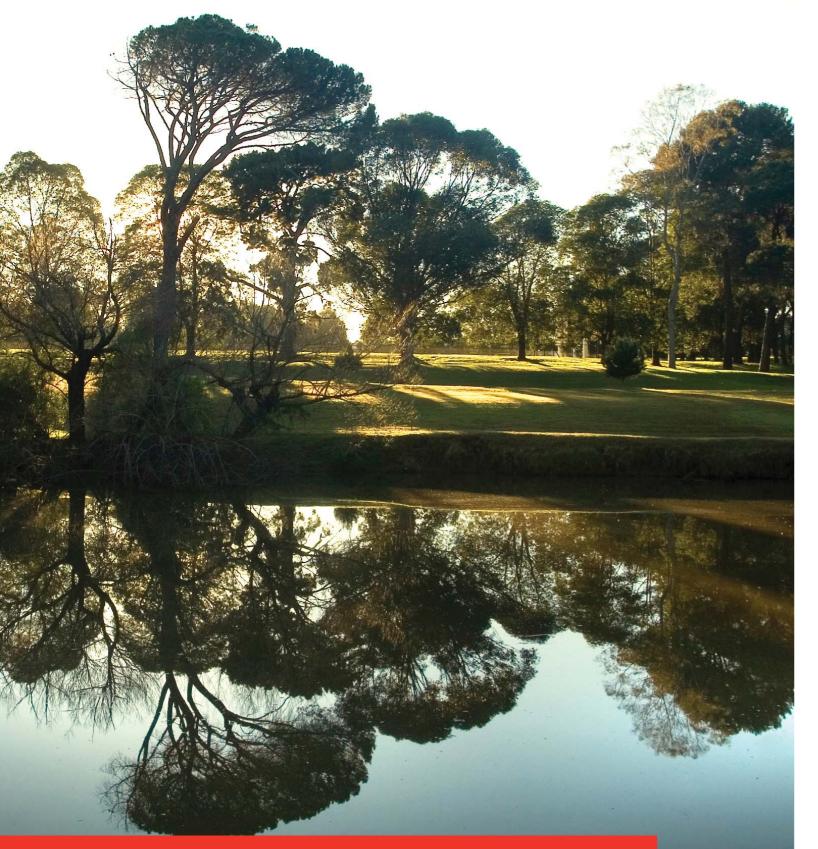

Situated in the geographical heart of Sydney just 24km from the CBD, The Crescent is under 30 mins from several major city centres. Open and accessible to a broad demographic, it's the ideal choice for hosting local and international entertainment.

Parramatta

Parramatta is the future growth centre of Sydney and offers a wide range of attractions. Its population of 236,000 is comprised of a vibrant and youthful culture with the average age well below the national average.

UNIQUE

BE PART OF THE HISTORY

The Crescent is a unique and pristine serviced site set within the World Heritage listed Parramatta Park, one of the earliest People's Parks in the world. The scene of historical significance is set as visitors enter via the George Street Gatehouse, wander past Old Government House and enter The Crescent's natural amphitheatre boasting views over Parramatta River.

The Crescent has hosted Australian legends such as John Farnham, Midnight Oil, You am I, Spider Bait and major events such as Harvest Festival, so it seems only fitting that the history making continues with the next wave of big entertainers performing in Parramatta.

"We hosted our first ever MTV music and food event at The Crescent, MTV Beats & Eats. The event was amazing, and the location is incredible. It's one of the best open air live music sites in Australia."

Simon Bates — MTV Beats & Eats Festival

MTV Beats & Eats was held at The Crescent in Parramatta Park on Saturday 21 November 2015, with 7000 guests, 15 boutique food outlets, three bars and eight hours of music performed by the likes of Havannah Brown, Savage, Jesabel, Dawin, Didier Cohen and William Singe.
