Objective

To effectively manage the use of lands under the care and management of Parramatta Park Trust (the Trust) by Park visitors.

Introduction

The Trust recognises the important contribution that access and use of open space has to the community. It actively welcomes, supports and provides opportunities for visitors and the community to participate in a variety of activities within the Park.

Increasing numbers of visitors using the Park has raised a number of issues of concern for the community and the Trust including:

- a) Equity of access – e.g. potential conflict with users, management of demand, domination and monopolisation of areas and use of public land;
- b) Impact on facilities – e.g. large groups causing undue wear and tear to recreational facilities and spaces;
- c) Public safety and liability concerns – e.g. participants running onto road ways; and
- d) Impacts upon nearby residents, stakeholders and the public e.g. noise or litter.

The need to manage and balance the use and enjoyment of the Park by visitors has been identified and this policy responds to that need.

Aims

In implementing this policy, the Trust aims to:

- Ensure equity of access to the Park;
- Ensure safety of participants;
- Ensure visitor activities do not impact on turf and facility condition and maintenance;
- Minimise safety and public liability concerns;
- Appropriately manage the Park to prevent conflicts; and
- Minimise the impact on nearby residents, stakeholders and other park users.

Scope

This policy covers all lands within Parramatta Park under the care and management of the Trust for all visitor's activities and functions.

Groups Excluded from this Policy

This policy excludes management of:

- Leased or tenanted sections of Parramatta Park.

Parramatta Park Trust Act & Regulation

The *Parramatta Park Trust Act 2001* identifies the aims, role and responsibilities of the Trust. The *Parramatta Park Trust Regulation 2019* identifies how the Trust manages the use of Trust lands.
